EX

Myron Regis

Chapter 1

MegaEX

Once upon a time there was a warrior called Alex. Alex was a famous space warrior who attacked evil from space. He attacked evil robots and a big monster called EX who was the king of all the evil robots. Alex lived in a village. This was a special village called Star. Star Village had a special gate protecting it called Stargate. Stargate would protect the village from space invasions.

One morning, Alex gasped, because Stargate had disappeared. He ran to the king very fast and quick. The king commanded Alex the warrior to rebuild the Stargate.

Chapter 2

Building the Stargate

Alex was furious. He had other plans. He wanted to go on a trip with his machine, called GravityX. But he had to save Star Village first. So he called the strongest men in the world to fix the Stargate.

While the men got supplies in trucks, Alex went to outer space to bring home 5 stars that went on top of the Stargate. He was happy! He could use his machine GravityX after all!

Chapter 3

Attack of the Aliens

While Alex was away on GravityX, the evil robots came to attack earth and Star Village. Thousands of robots with deadly space weapons attacked Star Village. Even the strongest men of Star Village were not a match for the evil robots.

Alex was on his way back with the 5 stars. Frank, Alex's brother, frantically called Alex. "Alex come in, emergency". "What Frank?" muttered Alex angrily. "I hope it is not one of your silly jokes again", said Alex. "Trust me. This is not a joke. We are under attack. Come home right now and save us, please," screamed Frank. Alex hits the super sonic mode button on GravityX and zooms back to rescue his home.

Chapter 4
Alex and his
Big Bomb

As Alex hovered over Star Village, he was mad with rage as he saw buildings destroyed, dead and injured soldiers on the streets and people running for help. He had no time to lose.

He knew that the first thing he had to do was fix the 5 stars on the Stargate. This would instantly give super powers to all the soldiers of Star Village and himself. With their new power, the soldiers of Star Village fought back fiercely. Alex took down a lot of the enemy robots, but he knew that his biggest challenge was to fight his own dark force, DarkX.

Chapter 5

Return of DarkX

DarkX had evil powers. He killed whoever was good. Alex was a good man and DarkX wanted to kill him. As Alex and his brave soldiers took down the last of the enemy robots, Alex could feel the ground beneath him shake! He knew what this meant. He had to now fight DarkX.

DarkX did not waste a moment and hurled a fire bomb at Alex. Alex with his super powers flew right over it, boxing DarkX on his head. Alex knew that DarkX had just one weak spot, his heart. What must he do to get the best shot at DarkX's heart?

Chapter 6

Deccanwar

Dragon

Deccanwar dragon was the most powerful dragon in the world. Alex was one of his best friends, because many years ago, when Alex was five years old, Alex saved Deccanwar dragon. So now Deccanwar dragon came to Alex's rescue and to help Alex defeat DarkX.

Deccanwar Dragon flew over and scooped Alex on his back. Deccanwar dragon flew with Alex. They flew right over DarkX. From high above DarkX, Deccanwar dragon spat out a fire bomb at DarkX. At the same time, Alex used his magical weapon - the Axesword - and hurled a shot, aiming straight at DarkX's heart. KABOOOOOOM....

DarkX fell over with a big thud. Frank, Alex's brother, ran across the battlefield and both the brothers walked up to a weak and injured DarkX. DarkX stood up saying, "I'll see you again and the next time I will get you". Saying this, DarkX vanished into the air.

Chapter 7

Alex gets a Reward

Everyone in Star Village was happy and they all celebrated their victory. Alex was apparently happy. But deep in his heart, he was worried and he kept thinking about DarkX's last words..."I'll see you again."

The king of Star Village gave Alex a reward for his bravery. This was a special crown that made Alex super strong. The king also gave Alex a new gold encrusted Axesword. With all these powers could Alex now defeat DarkX and the ultimate enemy MegaEx?

Chapter 8

DarkX's

Punishment

DarkX returned by Thin Air. EX was there and DarkX knew what this might mean - that EX would take away all his good stuff that he wanted. When he took all his stuff away, DarkX started to get angry. Then he started shouting, "Why have you taken all my stuff? Even my private stuff?"

Then he started using his powers and he made EX go away from space forever....

And he said, "I am the king now. Now I get the dark powers and I can rule the galaxy and send the evil robots to destroy Star Village, I could even make them more powerful, as powerful as me. I will send two robots, sixty airplane riders and clone myself to make 1,000 of myself."

Chapter 9

The Panic

Alex was at his friend's house. He said, "Why does Reece have to come with me? It is my private friend, but my mum is the boss of me. Like when she put me in a grounded chair when I ran over those boxes in GravityX by accident. When I did it, it was just an accident. I hope things don't get any worse."

And then Thin Air, the evil robot returned and stole Alex!

Only Reece was there watching. Reece thinks that he could go on GravityX and save Alex.

Five days, later Alex has been put in a cage. He was terrified by Thin Air and he just couldn't get himself out of the cage....

Chapter 10

Reece The Hero

Reece was in GravityX. He was in space and then he saw Alex.

Alex was glad Reece was there, but Alex was going to be sucked into a black hole even bigger than earth. Reece was horrified.

So Reece was running to help and Alex was do-lally-lally, you could just see it in his eyes. But then an idea just popped into Alex's head.

Alex had forgotten he could throw his mobile phone in DarkX's face and when he did it, DarkX got angry and opened the cage to destroy Alex. Alex got out, but DarkX caught Reece and put him in the cage instead.

GravityX was driving on its own. GravityX bumped the cage on to the floor and the cage was broken so that Reece could escape. He did Kung-fu in DarkX's face. Alex punched DarkX and DarkX got sucked into the black hole.

But don't go away yet!

Chapter 11

The Big Fight

So Alex says, "Reece, you just saved me. I am going to appreciate you because you just freed me from a black hole that was going to suck me in forever. I have been having nightmares. Let's just go home now....????!!!!WHAAAARGH!!!!!"

"DarkX! I thought you were sucked into the black hole."

"But I wasn't though. Ha! Ha! Ha!"

"That's it, this ends now. You have been destroying the world for months, or years. This ends now! Let's get on with the fight."

Alex and Reece jumped on DarkX's head and jumped back. But it still didn't work. DarkX used his powers and Alex and Reece froze like ice. They were shivering and shivering, but then somehow, the ice was melting and DarkX said "No! This can't be happening."

Chapter 12

The End of the Big Fight

Alex and Reece rush to the big lava galaxy - super fast lava, slimey lava and molten lava. They stand on a bit of wood on the lava, but the wood turns to metal and then Alex had an idea in a flash - if he pushes DarkX in the lava, he will turn to metal.

Alex and Reece try to push DarkX in the lava, but he was too fast. When DarkX was trying to get away, Reece accidentally pushed him into the lava and he turned into metal. But now, the worst thing ever was that the lava was heading for a lava fall! Alex and Reece nearly went over the lava fall, but Alex grabbed a tree branch and saved them. It was the tallest tree in the galaxy. Alex saw the biggest glowing shiny jewel he had ever seen in his life inside a hole in the tree.

They took the emerald and put it in a museum and the king awarded Alex £5,000. Alex fainted, but his friend Frank said he would be alright.
