Home Learning online support for

Listed below are passwords for the various sites children can access for all home learning.

Every child will have access to Google Classroom and this will be our main platform and link from teachers to children. Instructions on how to access this site are on the reverse. Many older children have been logging on themselves today. These steps are only required on the first login.

Other sites with your child's personalised login are listed below. To note that you may not have logins for every site as some are age specific.

Do get in touch with the school office tomorrow if you are struggling to setup or having problems with passwords.
