Summer Concert - Wednesday 28th June

This is EP's annual music concert and it is an inclusive event which celebrates that diverse range of musical skills across our school. We welcome acts ranging from playing the piano or guitar to performing in a band and everything in between!

This year we are **asking performers to apply using an application form** that they can pick up from the school office. Please hand in applications by **Friday 5th May at 3:30pm**. We are expecting children to have worked on the piece before they apply. After this we will give children the opportunity to perform for their classmates in a music lesson - Laura and their class teacher will be able to give some feedback. Where the adults see potential for combining acts, they will talk to the children about this, so please be prepared and supportive of this.

This year we are taking the best elements of previous concert formats by having the concert in the school hall, with an interval on the top playground. More details to follow closer to the time!
