Teachers have a particular introduction into parenthood as the concept of children being the centre of your life and dominating your day are already in place - but this time it is just yours... which is lovely!

Film Night

BBC News at Six last Monday

Did you see us on the telly? Starring Reception and Coach Martin, Year 6 and a host of children in the playground. We were pleased to do our bit to challenge the government's plan to force academisation. The goals of collaboration and learning from each other are good ones - and already happening across our partnership of Camden Schools. To force all schools into becoming academies does nothing to improve the quality of education in schools that are already doing well and will distract time and money from what we do.

A new treehouse

'Made from Scratch' design and build company spent two days in school last week. The children's drawings and models of possible treehouse designs are in the reception area. Gemma will now design something based on this work and building will start before half term. It is very exciting! Our Science Lab proposal is with Camden planning so that is progressing well too.

Thank you!

To Najiyah Rahman in Year 4 for this week's border.

Solar News

We've reached £12,885 and we'll raise another £330 tonight from Film Night. Last call for foreign currency! Collecting foreign currency and out of circulation UK money, both coins and notes. We're exchanging them tomorrow afternoon so any final donations to the office by tomorrow morning please. Our first Ice Cream Monday on a day with rain and hail but of course, because we are EP we made £50!
