

July 2019

Dear parents and carers,

We are reaching the end of the school year and wanted to share with you some of the landmarks of another excellent year for the school and pupils. We have had many specific successes: countless cups and medals in sports, fantastic musical and drama achievements, Engineer Awards, exceptional maths successes and, of course, the RIBA National Award for the Science Lab. As always, this is building on the bedrock of the school's day-to-day work in providing outstanding care for all children, great teaching, strong leadership and excellent outcomes.

This is borne out by the results of the parent survey (which is copied on the reverse of the letter). It is great to see that your responses affirm the school's strengths. Governors met last week and discussed all aspects of the school's self-evaluation – test results, staff survey and parent survey. We were pleased to see that most of the results – as usual - are well up in the 90% bracket. We did, however, have a long discussion on the "behaviour" question which, although improving from 2018, is still below what we would wish to see. In particular - as far as we are able to tell from the few specific comments – it appeared these had not been raised with the class teacher. So, in general, we would like to urge parents to talk to their class teacher at the time of any concerns so that there can be follow up. If teachers do not know about issues then they do not have the opportunity to address them.

We ask parents to remember too, that staff have to balance the needs and rights of all the children in the school and the governing body supports them in this, within our core values of being an inclusive community school.

Keep it EP

Of course, one of the key issues this year was how the school manages the implications of increased costs and constrained funding and the launch of our "Keep it EP" campaign. We wanted to update you on this. We are halfway to our target of £30,000 as an annual 'income' with huge thanks to the 28 families who have set up regular direct debits and to the 11 families who were able to make a one-off donation.

As funding set aside for maintenance has had to be diverted to core spending, this additional income allows us to now repair the island structure in the centre of the school site this summer - much used and loved by all the children - and install new outdoor water fountains. Thank you.

The school's actions in reducing the number of teaching assistant roles from September onwards and senior staff taking roles back in class - sharing class teacher roles - means we end the academic year with our projected deficit now reduced to approximately £0. Our projections show however, that the deficit will grow significantly next year as costs continue to increase and income is frozen.

The school has also worked hard to seek income from other sources too. We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold! If any parents know of grants and would help make applications do let us know!

Specific thanks to parents who have also donated in kind, notably running an excellent First Aid workshop with Year 5 and the team who repaired and cleaned the hall curtains! And of course, huge thanks to the fantastic PTA team for leading another year of fund-raising and community events.

Finally, I wanted to end by marking the departure of our three amazing members of staff - Linda, Terry and Pauline – who have been such a huge part of the school and its community for so many years. They will be sorely missed, but we wish them all a very happy and well-earned retirement.

And we wish you all a happy summer break.

Jen Allan and EPS Governing Body.

We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold! If any parents know of grants and would help make applications do let us know!

Specific thanks to parents who have also donated in kind, notably running an excellent First Aid workshop with Year 5 and the team who repaired and cleaned the hall curtains! And of course, huge thanks to the fantastic PTA team for leading another year of fund-raising and community events.

Finally, I wanted to end by marking the departure of our three amazing members of staff - Linda, Terry and Pauline – who have been such a huge part of the school and its community for so many years. They will be sorely missed, but we wish them all a very happy and well-earned retirement.

And we wish you all a happy summer break.

July 2019

Dear parents and carers,

We are reaching the end of the school year and wanted to share with you some of the landmarks of another excellent year for the school and pupils. We have had many specific successes: countless cups and medals in sports, fantastic musical and drama achievements, Engineer Awards, exceptional maths successes and, of course, the RIBA National Award for the Science Lab. As always, this is building on the bedrock of the school's day-to-day work in providing outstanding care for all children, great teaching, strong leadership and excellent outcomes.

This is borne out by the results of the parent survey (which is copied on the reverse of the letter). It is great to see that your responses affirm the school's strengths. Governors met last week and discussed all aspects of the school's self-evaluation – test results, staff survey and parent survey. We were pleased to see that most of the results – as usual - are well up in the 90% bracket. We did, however, have a long discussion on the "behaviour" question which, although improving from 2018, is still below what we would wish to see. In particular - as far as we are able to tell from the few specific comments – it appeared these had not been raised with the class teacher. So, in general, we would like to urge parents to talk to their class teacher at the time of any concerns so that there can be follow up. If teachers do not know about issues then they do not have the opportunity to address them.

We ask parents to remember too, that staff have to balance the needs and rights of all the children in the school and the governing body supports them in this, within our core values of being an inclusive community school.

Keep it EP

Of course, one of the key issues this year was how the school manages the implications of increased costs and constrained funding and the launch of our "Keep it EP" campaign. We wanted to update you on this. We are halfway to our target of £30,000 as an annual 'income' with huge thanks to the 28 families who have set up regular direct debits and to the 11 families who were able to make a one-off donation.

As funding set aside for maintenance has had to be diverted to core spending, this additional income allows us to now repair the island structure in the centre of the school site this summer - much used and loved by all the children - and install new outdoor water fountains. Thank you.

The school's actions in reducing the number of teaching assistant roles from September onwards and senior staff taking roles back in class - sharing class teacher roles - means we end the academic year with our projected deficit now reduced to approximately £0. Our projections show however, that the deficit will grow significantly next year as costs continue to increase and income is frozen.

The school has also worked hard to seek income from other sources too. We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold! If any parents know of grants and would help make applications do let us know!

Specific thanks to parents who have also donated in kind, notably running an excellent First Aid workshop with Year 5 and the team who repaired and cleaned the hall curtains! And of course, huge thanks to the fantastic PTA team for leading another year of fund-raising and community events.

Finally, I wanted to end by marking the departure of our three amazing members of staff - Linda, Terry and Pauline – who have been such a huge part of the school and its community for so many years. They will be sorely missed, but we wish them all a very happy and well-earned retirement.

July 2019

Dear parents and carers,

We are reaching the end of the school year and wanted to share with you some of the landmarks of another excellent year for the school and pupils. We have had many specific successes: countless cups and medals in sports, fantastic musical and drama achievements, Engineer Awards, exceptional maths successes and, of course, the RIBA National Award for the Science Lab. As always, this is building on the bedrock of the school's day-to-day work in providing outstanding care for all children, great teaching, strong leadership and excellent outcomes.

This is borne out by the results of the parent survey (which is copied on the reverse of the letter). It is great to see that your responses affirm the school's strengths. Governors met last week and discussed all aspects of the school's self-evaluation – test results, staff survey and parent survey. We were pleased to see that most of the results – as usual - are well up in the 90% bracket. We did, however, have a long discussion on the “behaviour” question which, although improving from 2018, is still below what we would wish to see. In particular - as far as we are able to tell from the few specific comments – it appeared these had not been raised with the class teacher. So, in general, we would like to urge parents to talk to their class teacher at the time of any concerns so that there can be follow up. If teachers do not know about issues then they do not have the opportunity to address them.

We ask parents to remember too, that staff have to balance the needs and rights of all the children in the school and the governing body supports them in this, within our core values of being an inclusive community school.

Keep it EP

Of course, one of the key issues this year was how the school manages the implications of increased costs and constrained funding and the launch of our “Keep it EP” campaign. We wanted to update you on this. We are halfway to our target of £30,000 as an annual ‘income’ with huge thanks to the 28 families who have set up regular direct debits and to the 11 families who were able to make a one-off donation.

As funding set aside for maintenance has had to be diverted to core spending, this additional income allows us to now repair the island structure in the centre of the school site this summer - much used and loved by all the children - and install new outdoor water fountains. Thank you.

The school's actions in reducing the number of teaching assistant roles from September onwards and senior staff taking roles back in class - sharing class teacher roles - means we end the academic year with our projected deficit now reduced to approximately £0. Our projections show however, that the deficit will grow significantly next year as costs continue to increase and income is frozen.

The school has also worked hard to seek income from other sources too. We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold! If any parents know of grants and would help make applications do let us know!

Specific thanks to parents who have also donated in kind, notably running an excellent First Aid workshop with Year 5 and the team who repaired and cleaned the hall curtains! And of course, huge thanks to the fantastic PTA team for leading another year of fund-raising and community events.

Finally, I wanted to end by marking the departure of our three amazing members of staff - Linda, Terry and Pauline – who have been such a huge part of the school and its community for so many years. They will be sorely missed, but we wish them all a very happy and well-earned retirement.

And we wish you all a happy summer break.

Jen Allan and EPS Governing Body.

We wanted to update you on this. We are halfway to our target of £30,000 as an annual 'income' with huge thanks to the 28 families who have set up regular direct debits and to the 11 families who were able to make a one-off donation.

As funding set aside for maintenance has had to be diverted to core spending, this additional income allows us to now repair the island structure in the centre of the school site this summer - much used and loved by all the children - and install new outdoor water fountains. Thank you.

The school's actions in reducing the number of teaching assistant roles from September onwards and senior staff taking roles back in class - sharing class teacher roles - means we end the academic year with our projected deficit now reduced to approximately £0. Our projections show however, that the deficit will grow significantly next year as costs continue to increase and income is frozen.

The school has also worked hard to seek income from other sources too. We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold! If any parents know of grants and would help make applications do let us know!

Specific thanks to parents who have also donated in kind, notably running an excellent First Aid workshop with Year 5 and the team who repaired and cleaned the hall curtains! And of course, huge thanks to the fantastic PTA team for leading another year of fund-raising and community events.

Finally, I wanted to end by marking the departure of our three amazing members of staff - Linda, Terry and Pauline – who have been such a huge part of the school and its community for so many years. They will be sorely missed, but we wish them all a very happy and well-earned retirement.

And we wish you all a happy summer break.

Jen Allan and EPS Governing Body.

July 2019

Dear parents and carers,

We are reaching the end of the school year and wanted to share with you some of the landmarks of another excellent year for the school and pupils. We have had many specific successes: countless cups and medals in sports, fantastic musical and drama achievements, Engineer Awards, exceptional maths successes and, of course, the RIBA National Award for the Science Lab. As always, this is building on the bedrock of the school's day-to-day work in providing outstanding care for all children, great teaching, strong leadership and excellent outcomes.

This is borne out by the results of the parent survey (which is copied on the reverse of the letter). It is great to see that your responses affirm the school's strengths. Governors met last week and discussed all aspects of the school's self-evaluation – test results, staff survey and parent survey. We were pleased to see that most of the results – as usual - are well up in the 90% bracket. We did, however, have a long discussion on the "behaviour" question which, although improving from 2018, is still below what we would wish to see. In particular - as far as we are able to tell from the few specific comments – it appeared these had not been raised with the class teacher. So, in general, we would like to urge parents to talk to their class teacher at the time of any concerns so that there can be follow up. If teachers do not know about issues then they do not have the opportunity to address them.

We ask parents to remember too, that staff have to balance the needs and rights of all the children in the school and the governing body supports them in this, within our core values of being an inclusive community school.

Keep it EP

Of course, one of the key issues this year was how the school manages the implications of increased costs and constrained funding and the launch of our "Keep it EP" campaign. We wanted to update you on this. We are halfway to our target of £30,000 as an annual 'income' with huge thanks to the 28 families who have set up regular direct debits and to the 11 families who were able to make a one-off donation.

As funding set aside for maintenance has had to be diverted to core spending, this additional income allows us to now repair the island structure in the centre of the school site this summer - much used and loved by all the children - and install new outdoor water fountains. Thank you.

The school's actions in reducing the number of teaching assistant roles from September onwards and senior staff taking roles back in class - sharing class teacher roles - means we end the academic year with our projected deficit now reduced to approximately £0. Our projections show however, that the deficit will grow significantly next year as costs continue to increase and income is frozen.

The school has also worked hard to seek income from other sources too. We won a £4,000 grant from Tesco to develop our bio-diversity; successfully applied for a small £3,600 grant for PE equipment; secured a small amount of additional SEN funding and Kate and Natalie plan to write a book about maths games this summer that will be sold!
